# About University of Eldoret

University of Eldoret is a public university established under the Universities Act, 2012. The University is located in Eldoret City, Uasin Gishu County, Kenya, approximately nine (9) kilometres along the Eldoret–Ziwa Road from Eldoret City Centre.

The institution traces its origins to 1946 when it was established by white settlers as a Large Scale Farmers' Training Centre. In 1984, it was transformed into a teachers' training institution and renamed Moi Teachers' Training College, offering Diploma Science Teacher Training programmes. In 1990, the institution was taken over by Moi University and became Chepkoilel Campus, focusing on natural, basic, and applied science programmes.

In August 2010, through Legal Notice No. 125 of 13th August 2010, the campus was elevated to a university college and renamed Chepkoilel University College, a constituent college of Moi University.

On 11th February 2013, the University of Eldoret was awarded a Charter by the late former President of the Republic of Kenya, Mwai Kibaki. The Charter granted the University the mandate to undertake teaching, scientific research, technological innovation, consultancy, collaboration, and community outreach in accordance with the Universities Act, 2012. Since attaining full university status, the institution has experienced remarkable growth supported by the Government of Kenya, development partners, stakeholders, the University Council, Management, staff, and the wider community.

The University has expanded from its initial Schools of Forestry and Science to eight (8) schools comprising thirty-four (35) academic departments, serving a student population of over 20,000. The institution employs more than 1,000 teaching and non-teaching staff and operates through the Main Campus, City Campus, and the Nairobi Learning Centre. The Main Campus occupies approximately 1,050 acres of land, providing a conducive environment for learning, research, innovation, and community engagement.

### Mission

To provide quality education, training, research, and entrepreneurship in Science, Agriculture, Engineering, Technology, and the Arts in order to meet the needs and aspirations of a dynamic society.

### Vision

To be a premier university nurturing global leaders and innovators for sustainability.

### Core Values

- Customer Centricity
- Innovativeness
- Integrity
- Equity
- Excellence

### Schools

The University currently comprises the following eight (8) schools:

1. School of Agriculture and Biotechnology
2. School of Environmental Studies and Natural Resource Management
3. School of Science
4. School of Business Economics and Management Sciences
5. School of Education
6. School of Engineering
7. School of Arts and Social Sciences
8. School of Health Sciences and Wellness

### Directorates and Boards

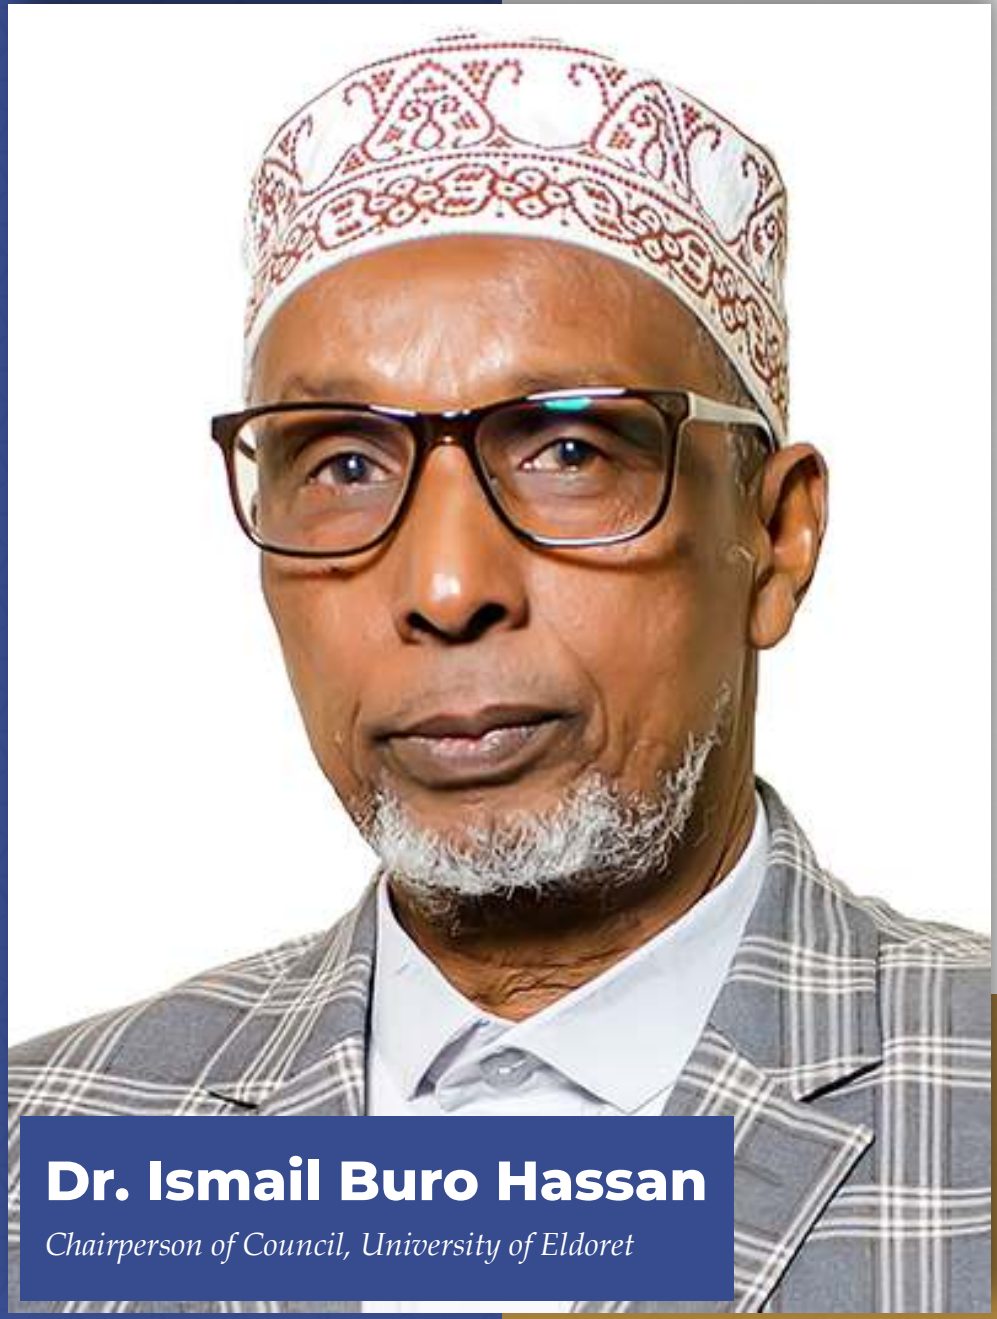

The following constitute the key Directorates and Boards of the University:

1. Directorate, Board of Postgraduate Studies
2. Directorate of Information Communication and Technology (ICT)
3. Directorate of Quality Assurance
4. Directorate of Strategic Planning and Performance Contracting
5. Directorate of Industrial Linkages, Partnerships and Collaborations
6. Directorate of Research and Innovations
7. Directorate of City Campus
8. Directorate of Gender, Equity and Diversity
9. Directorate of Income Generating Units
10. Directorate of Seed Multiplication and Research Centre
11. Directorate of Open, Distance and e-Learning (ODeL)
12. Directorate of Resource Mobilization and Strategic Initiatives

### Motto

Flame of knowledge and innovation

# MESSAGE TO THE GRADUANDS **BY THE CHAIRPERSON OF COUNCIL**

**Dr. Ismail Buro Hassan**

*Chairperson of Council, University of Eldoret*

Dear graduands, today marks the beginning of a new chapter. As you leave the University of Eldoret, you do so at a time when the world is experiencing unprecedented social, economic, environmental and technological transformations. Challenges such as unemployment, climate change, food insecurity, environmental degradation, public health concerns and economic inequalities require innovative thinking, responsible leadership and practical solutions.

You are therefore graduating into a world that needs more than academic qualifications. It needs innovators, entrepreneurs, critical thinkers and problem-solvers who can translate knowledge into meaningful solutions. I challenge you to embrace this responsibility and become active participants in shaping the future of our society. Do not merely seek opportunities; create them. Do not simply identify problems; develop solutions.

As graduates of the University of Eldoret, an institution whose foundation is firmly rooted in nurturing innovators, you have a special responsibility to contribute to sustainable development. I encourage you to use your expertise to advance innovative and sustainable solutions to societal problems. Remember that innovation is not limited to laboratories or sophisticated technologies. It is also about finding better ways of doing things, creating employment and responding to the everyday challenges facing our communities.

I also urge you to uphold the highest standards of integrity, professionalism, accountability and ethical conduct. In an increasingly competitive and

technologically driven world, your academic qualifications may open doors, but your character, creativity and ability to work with others will determine how far you go.

As you embark on this journey, remember that you remain important members of the University of Eldoret family. You are our ambassadors, and your achievements will contribute to the University's reputation and standing. I encourage you to maintain a strong relationship with your alma mater by mentoring current students, supporting research and innovation, facilitating industry linkages and contributing to initiatives that strengthen the University. Your experiences and professional networks can play an important role in preparing future generations for the changing world.

Let the University's motto, "The Flame of Knowledge and Innovation," inspire you to keep learning, discovering and creating solutions that transform lives.
On behalf of the University Council, I once again congratulate you and wish you every success in your future endeavours.

Go forth and make a difference. Remember your University, give back to society and let your achievements speak through the positive impact you make in the world.
**Congratulations**

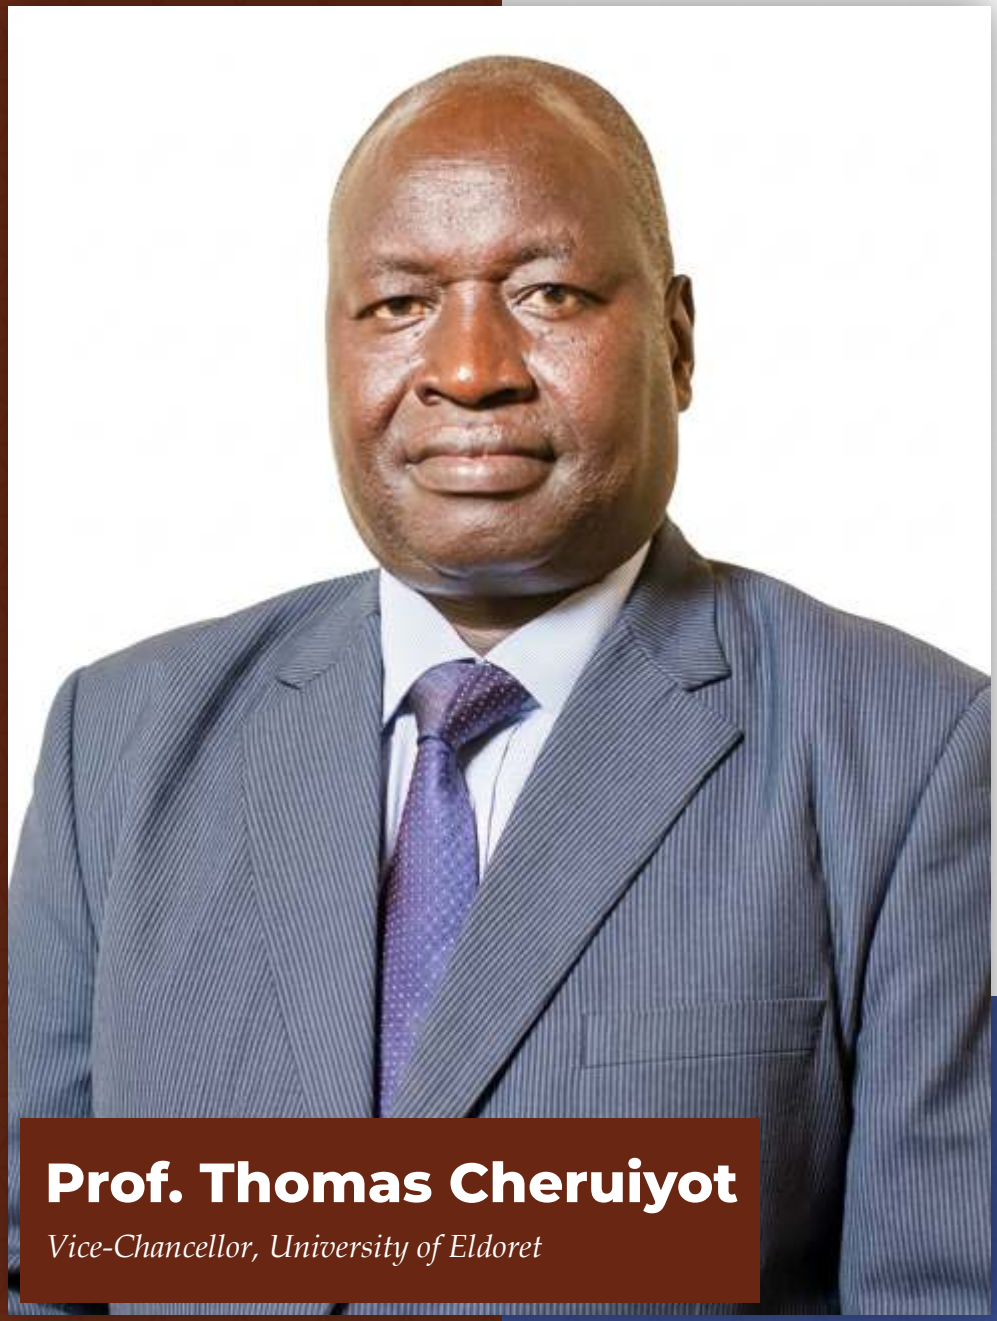

# MESSAGE TO THE GRADUANDS
# BY THE VICE-CHANCELLOR UNIVERSITY OF ELDORET

**Class of 2026**

It gives me great pleasure to congratulate you, our graduands, on this significant milestone in your academic journey. Today, we celebrate not only your academic achievements but also your resilience, determination, and commitment to acquiring the knowledge, skills, and competencies needed to make a meaningful contribution to society. On behalf of the University Management, Senate, staff, and the entire University community, I extend my heartfelt congratulations to each one of you.

As you graduate from the University of Eldoret, you carry with you more than an academic qualification. You become ambassadors of an institution whose vision is **"A premier University Nurturing Global Leaders and Innovators for Sustainability."** This vision reflects our commitment to developing graduates who are not only academically competent but also innovative, and equipped to address the complex challenges facing our communities, our nation, and the world.

The University of Eldoret recognises that the future belongs to individuals who can translate knowledge into practical solutions. Through teaching, research, and community engagement, the University continues to play a critical role in generating knowledge and developing solutions that respond to contemporary societal needs. We remain committed to making higher education a catalyst for transformation and sustainable development.

**Prof. Thomas Cheruiyot**

*Vice-Chancellor, University of Eldoret*

As graduates, you are challenged to become active participants in this transformation. Do not merely seek opportunities; create them. Let your education inspire you to identify societal challenges, question existing approaches, embrace emerging technologies, and develop innovative solutions that improve livelihoods. Strive to make a difference through your knowledge, creativity, and leadership.

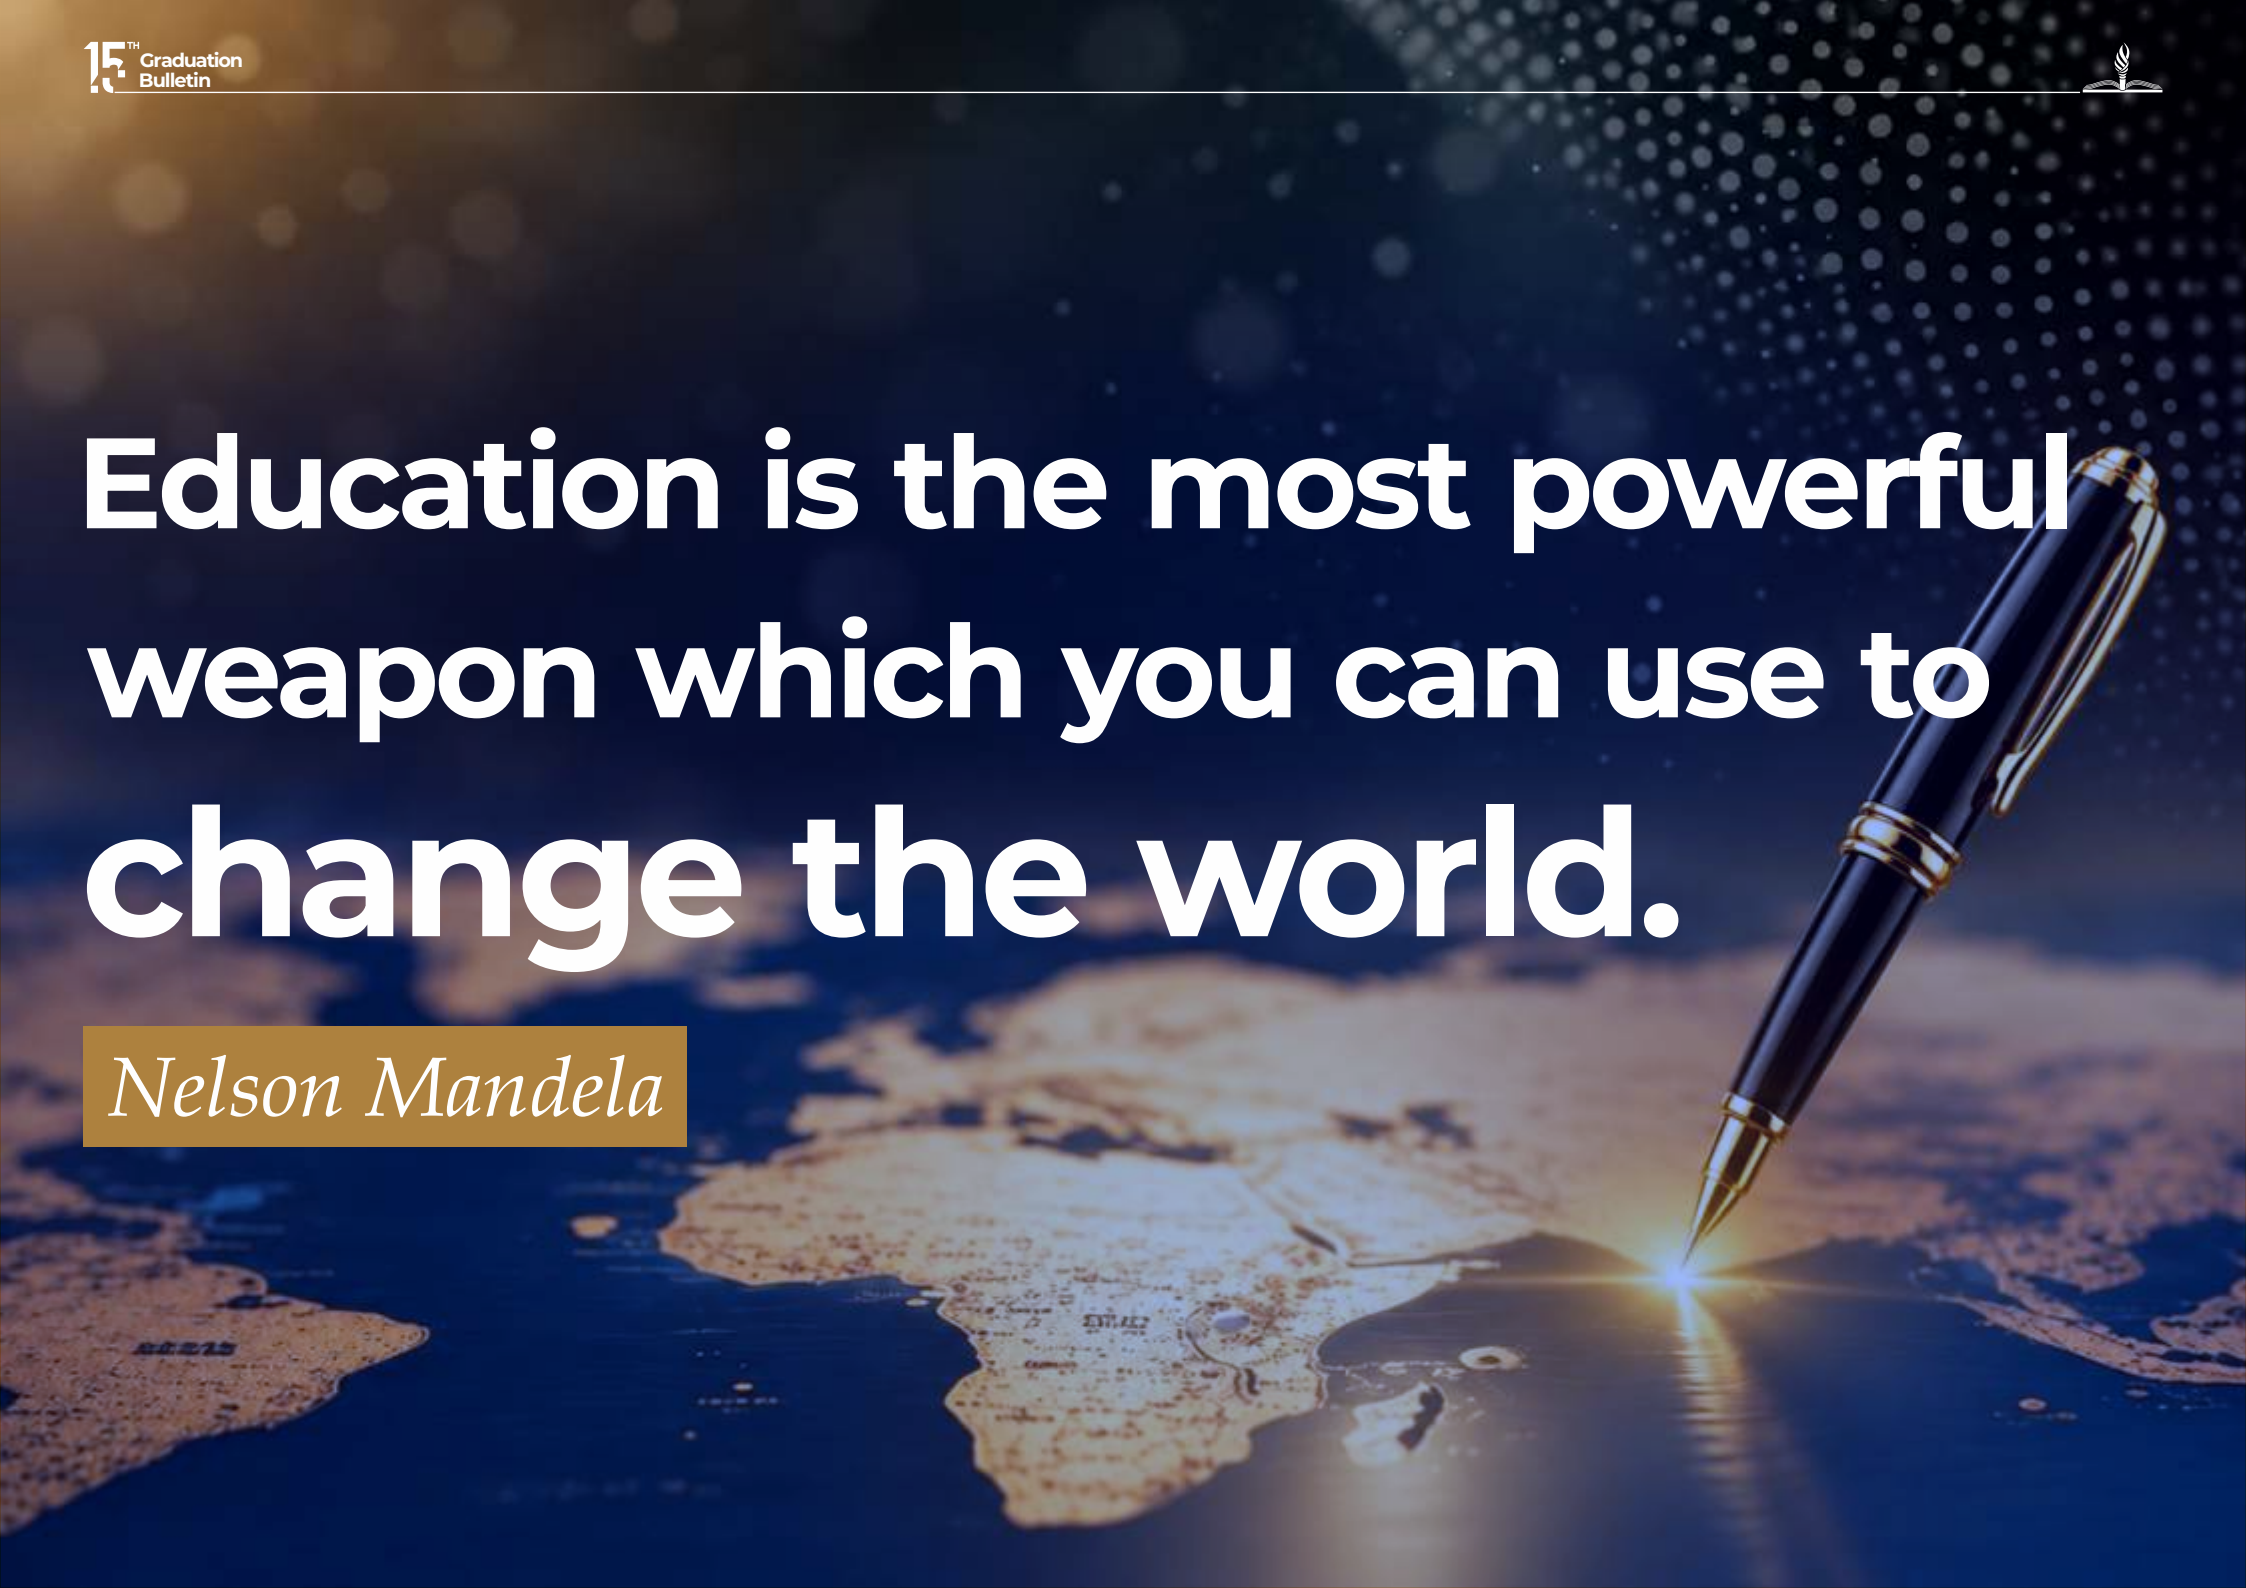

I urge you to remain guided by the University's five core values: **Customer Centricity, Innovativeness, Integrity, Equity, and Excellence.** Let customer centricity inspire you to serve humanity with empathy and professionalism; innovativeness encourage you to think creatively and pursue new possibilities; integrity guide you to uphold honesty and ethical conduct; equity remind you to champion fairness, inclusivity, and equal opportunities; and excellence motivate you to consistently pursue the highest standards in everything you do.

As you step into the next chapter of your lives, remember that success is measured not only by personal achievements but also by the positive impact you create in society. Be intentional in using your knowledge and talents to address the needs of humanity. The world needs leaders who can think globally, and champion sustainable solutions.

As you go forth, carry the University's motto, **"The Flame of Knowledge and Innovation,"** as a constant reminder that knowledge must illuminate pathways to progress, while innovation must translate ideas into meaningful impact.

Congratulations, Class of 2026! Go forth and become the leaders, innovators, entrepreneurs, and change-makers our society needs. May you continue to uphold the values of the University of Eldoret and contribute to building a more prosperous, inclusive, and sustainable future.

**Congratulations and God bless you all.**

Education is the most powerful weapon which you can use to change the world.

# MESSAGE TO THE GRADUANDS
# BY THE DEPUTY VICE-CHANCELLOR ADMINISTRATION AND FINANCE

Dear graduands

Today, we celebrate more than the completion of an academic journey. We celebrate the determination, resilience and hope that have brought the Class of 2026 to this proud moment.
Whatever circumstances you faced when you joined the University of Eldoret, you did not let fear distract or discourage you. As the familiar motivational saying puts it, **F.E.A.R**. can mean **"Forget Everything and Run"**—but you chose to **"Face Everything and Rise."** Today, you stand poised to graduate!

As you move into the next chapter of your journey, believe in yourselves, think positively and remain mindful of your strengths, areas for growth and abilities. Carry forward the curiosity, resilience and sense of purpose that brought you here and continue to embrace the University of Eldoret motto: **"Flame of Knowledge and Innovation."**

On behalf of the university, I wish you every success and happiness in the opportunities that lie ahead. Wherever your path leads, you will always be part of our community.

Once again congratulations class of 2026 and remember **I Corinthian 10:31** - … *whatever you do, do it all to the glory of God.*

Prof. Wilson K. Ng'etich
*Deputy Vice-Chancellor (Administration & Finance)*

# MESSAGE TO THE GRADUANDS
# BY THE DEPUTY VICE-CHANCELLOR ACADEMIC AND STUDENT AFFAIRS

Dear Graduands,

It is with great pride and joy that I extend my heartfelt congratulations to the graduating class of 2026.

Today marks a significant milestone in your academic journey. Your achievement reflects your dedication, resilience, hard work, and determination, as well as the support of your families, lecturers, and friends. As you celebrate this accomplishment, remember that graduation is not the end of learning, but the beginning of a new chapter filled with opportunities, challenges, and responsibilities.

As you step into the world beyond the University, I encourage you to remain dedicated, disciplined, ethical, and committed to excellence in everything you do. Let the knowledge, skills, and values acquired here guide your decisions and inspire you to make meaningful contributions to society.

You are now our ambassadors. Wherever you go and whatever you do, represent this University with distinction, integrity, and professionalism. Let your conduct, achievements, and service to humanity demonstrate the quality of education and values that our institution upholds.

I also urge you to uphold our University Motto 'Flame of Knowledge and Innovation' by embracing innovation, creativity, and entrepreneurship. The world today is rapidly changing, and opportunities increasingly favour individuals who can identify problems, develop solutions, and create value. Do not limit yourselves to seeking employment alone; dare to become job creators by transforming your ideas, talents, and knowledge into sustainable enterprises that generate opportunities for others.

As you embark on this exciting journey, remain lifelong learners, try solving new problems and never be afraid to take calculated risks. The future belongs to those who are willing to think differently, act boldly, and contribute positively to their communities.

Once again, congratulations to all our graduands. Go forth with confidence, uphold the good name of our University, and make a lasting difference wherever life takes you.

**Congratulations, Class of 2026! We wish you every success in your future endeavours.**

Prof. Godfrey W. Netondo
*Deputy Vice-Chancellor (Academic & Students' Affairs)*

# MESSAGE TO THE GRADUANDS
# BY THE DEPUTY VICE-CHANCELLOR PLANNING, RESEARCH AND EXTENSION

It gives me immense pleasure to congratulate all the graduands (Diploma, Bachelor's, Postgraduate Diploma's, Master's and Doctorate) at the University of Eldoret's 15th Graduation Ceremony on this remarkable achievement. Today marks the culmination of years of dedication, perseverance and intellectual growth, and the beginning of a new chapter in which you are called upon to apply your knowledge, skills and talents in addressing the challenges and opportunities facing our society.

As you graduate, I encourage you to embrace innovation, creativity and lifelong learning. In an increasingly dynamic and knowledge-driven world, the true value of your education will be demonstrated not only by what you have learned, but also by your ability to generate new ideas, develop practical solutions and contribute meaningfully to sustainable development. I particularly urge you to cultivate an entrepreneurial mindset and remain open to opportunities for research, innovation and the transformation of knowledge into products, services and enterprises that create value for society.

The Office of the Deputy Vice-Chancellor (Planning, Research & Extension remains committed to strengthening an enabling environment for research, innovation, partnerships and community engagement. Through these functions, the University continues to promote the generation and application of knowledge, foster strategic collaborations, and extend its expertise and innovations to communities and industry in pursuit of national and global development priorities.

Therefore, if through your studies you have new ideas, inventions, or innovations that require incubation to be a profitable venture, feel free to link up with the University's Innovation, Incubation, & Commercialization Centre for necessary support.

Dear graduands, you leave this University as ambassadors of its values and aspirations. Go forth with confidence, integrity and a sense of responsibility. Let your education inspire you to become innovators, problem-solvers, leaders and agents of positive transformation wherever you may serve.

Congratulations once again to the Class of 2026. We are proud of you and wish you every success as you embark on the next phase of your journey.

Prof. Gelas Simiyu Muse
*Ag Deputy Vice-Chancellor (Planning, Research and Extension)*

# *In Loving* Memory

## Prof. Phillip Okoth Raburu

A distinguished scholar, academic leader, researcher, mentor and administrator

# MESSAGE TO THE GRADUANDS
# BY THE REGISTRAR ACADEMIC AFFAIRS

Dear Graduands,

Today marks a special moment in your lives. It is a day to celebrate how far you have come, the challenges you have overcome and the dreams you have worked hard to bring closer to reality. On behalf of the Academic Affairs Division, I warmly congratulate you on successfully completing your studies at the University of Eldoret.

Your journey to this day has been different for each of you. It may have involved long nights of study, personal sacrifices, financial challenges and moments when the road ahead seemed uncertain. Through it all, you persevered, and today you have every reason to be proud of yourselves.

As you celebrate, remember those who walked alongside you. Your parents, guardians, families, lecturers, supervisors and friends have all played a part in making this achievement possible. Take a moment to appreciate their support and encouragement.

During your time at the University, you have gained more than academic qualifications. You have acquired knowledge, skills and experiences that we hope will serve you well beyond these gates. As you step into the next chapter, approach new opportunities with confidence, remain open to learning and let integrity guide your decisions.

Remember that success does not always follow a straight path. There will be challenges and unexpected turns, but do not let them discourage you. Keep growing, remain resilient and use the knowledge you have gained to make a meaningful difference in your profession and community.

Although you may be leaving as students, you will always remain part of the University of Eldoret family. We look forward to hearing your stories, celebrating your achievements and seeing the contributions you will make wherever life takes you.

To the Class of 2026, congratulations! May this milestone open doors to new opportunities and mark the beginning of many more achievements.

***Go forth, make your mark and keep the flame of knowledge and innovation burning.***

Dr. Hosea Kiplagat
*Ag Registrar, Academic*

# MESSAGE TO THE GRADUANDS

# BY THE REGISTRAR ADMINISTRATION & PLANNING

On behalf of the Registrar Administration and Planning of the University of Eldoret, I extend my warmest and most heartfelt congratulations to the 15th Graduating Class of 2026 on this momentous milestone. Today, Wednesday, 18th November 2026, marks the culmination of years of rigorous academic pursuit, resilience, discipline, and personal sacrifice.

Your journey at this esteemed institution has been defined by determination and adaptability. Whether in lecture halls, laboratories, research fields, or student leadership, you have demonstrated the true spirit of the University of Eldoret. Behind the scenes, our administrative teams—spanning Central Services, Health Services, Hostels, Catering, Transport, and Human Resources—have been privileged to support your welfare and create an enabling environment for your academic and personal growth. Seeing you cross the graduation dais today is our greatest reward.

As you step out into the world to receive your certificates, diplomas, and degrees, remember that graduation is not the end of your learning journey, but the beginning of a greater responsibility. You are entering a rapidly evolving global landscape that demands ethical leadership, critical thinking, and innovative solutions to real-world challenges. Carry forward the values of integrity, excellence, and professionalism that have been nurtured in you here.

I also wish to pay special tribute to your parents, guardians, sponsors, and families, whose unwavering financial, emotional, and moral support made this achievement possible. To our dedicated faculty and administrative staff, thank you for your tireless service and commitment to shaping these capable ambassadors of our institution.

As proud alumni of the University of Eldoret, you now carry the Flame of Knowledge and Innovation wherever you go. Stay connected to your alma mater, uphold its good name, and use your skills to transform communities in Kenya and beyond.
Congratulations once again,

**Class of 2026! Hongera. We wish you every success, fulfilment, and prosperity in your future endeavours.**

Prof. Victor Kimeli
*Registrar, Administration & Planning.*

# MESSAGE TO THE GRADUANDS
# BY THE UNIVERSITY LIBRARIAN

Congratulations to the Graduating Class of 2026!

As you celebrate this memorable occasion and achievement, I commend you for your resilience, determination, and commitment throughout your study. Your graduation marks not only the culmination of years of learning but also as a springboard to a new journey filled with opportunities to innovate, lead, and transform society.

With reference to the philosophy of this year's graduation theme, “Driving Innovation and Sustainable Solutions through the Transformation and Repositioning of 21st Century Education,” I encourage you to embrace the search for new knowledge and lifelong learning as essential tools for navigating the highly volatile and technology-driven world.

As the University of Eldoret Library, we take pride in having supported your academic journey and knowledge discovery by facilitating equitable access to information and digital literacy. We also appreciate the opportunity that we had to nurture a culture of research and inquisitive orientation. As you step into the world beyond the University, remain curious, innovative, and committed to utilizing knowledge to develop sustainable solutions to the challenges affecting the society.

Remember that education does not end at graduation; it is a lifelong pursuit. Let the knowledge, information and values acquired in the university inspire you to become agents of positive change in your professions, communities, and the world. Go and light up the world.

Congratulations once again, and may your knowledge radiate insights, and may your pathways to innovation, selfless service, and sustainable development become a reality.

Prof Paul Gichohi
*University Librarian*

# MESSAGE TO THE GRADUANDS
# FROM THE FINANCE OFFICER

CONGRATULATIONS, CLASS OF 2026!

Dear Graduands,

What a wonderful moment this is! Today, we celebrate you, your hard work, the sacrifices you have made and the determination that has brought you this far. On behalf of the Finance Department, I warmly congratulate you on successfully completing your studies at the University of Eldoret.

We know that getting here has not always been easy. Behind every graduation gown is a story. Some of you have had to balance school with work and family responsibilities, while others have faced financial difficulties, personal challenges and moments of uncertainty. Yet, you kept going. Today, you get to see the reward of that commitment, and you should be proud of yourselves.

As you celebrate, remember those who made this journey possible. Your parents, guardians, sponsors, families, lecturers and friends have walked with you in different ways. Take time to appreciate them. This achievement means just as much to those who stood by you as it does to you.

As the Finance Department, we understand that education is one of the most valuable investments a society can make. Every student who graduates represents a life shaped by opportunity, an investment in a family's future and a contribution to the growth of our nation. We remain committed to supporting the University's mission through responsible financial management and ensuring that available resources continue to serve the needs of the institution and its students.

As you leave the University, I encourage you to carry the lessons you have learned beyond the lecture halls. Be thoughtful about the opportunities you pursue, manage your resources wisely, remain open to learning and never underestimate the value of hard work. Your first opportunity may not be your dream opportunity, but every step can take you somewhere meaningful.

Most importantly, remember that graduation is not the end of your journey. There is still so much to discover, achieve and contribute. Wherever life takes you, continue to make a difference and remember the University that was part of your story.

To the Class of 2026, congratulations! We celebrate you, we wish you well, and we look forward to seeing all that you will accomplish.

**May the next chapter bring you fulfilment, growth and many reasons to celebrate.**

CPA. Fredrick Rutto
*Finance Officer*

# MESSAGE TO THE GRADUANDS
# FROM THE SENIOR LEGAL OFFICER

Congratulations to the University of Eldoret Graduating Class of 2026!

Your graduation marks a significant milestone in your lives, one that reflects years of hard work, determination, sacrifice and perseverance. As you celebrate this achievement, I encourage you to take pride in how far you have come and to appreciate the support of your families, lecturers, mentors and friends who have walked this journey with you.

As you step into the next chapter of your lives, remember that graduation is not the end of learning but the beginning of new opportunities, responsibilities and possibilities. Go out into the world with confidence, integrity, humility and a commitment to making a positive difference in society.

As graduates of the University of Eldoret, you carry with you not only the knowledge and skills acquired during your studies but also the values and reputation of this great institution. Wherever life takes you, uphold these values, remain true to yourselves and strive for excellence in all that you do.

May you use your education to transform lives, serve your communities and contribute meaningfully to the development of our nation and the world.

Mr. Stephen Anditi
*Senior Legal Officer*

# MESSAGE FROM THE DIRECTORATE OF CITY CAMPUS

As members of the University of Eldoret, Eldoret City Campus, we celebrate the Class of 2026! Each grade earned and every thesis defended stands as a testament of your resilience and intellectual curiosity. You have navigated the complexities of rigorous research, evening classes and late-night study sessions and the demanding balance of practical assignments, all while fostering a community of peer support and academic excellence. Your lecturers have not only imparted theoretical knowledge but have also mentored you in the art of critical thinking and professional integrity, ensuring that you are well-equipped to address the evolving challenges of the global marketplace.

Graduation signifies not merely the conclusion of your academic journey but the beginning of a new chapter in your lives. Your unwavering commitment to your scholarly pursuits constitutes a quality that will facilitate your advancement far beyond the confines of the lecture halls.

As you step out of the familiar corridors of the Eldoret City Campus, you carry with you the prestige of this institution and the responsibility to act as ambassadors of progress in your various fields. Whether you are entering the workforce, venturing into entrepreneurship or continuing your quest for higher knowledge, remember that the discipline you have cultivated here is the bedrock upon which your future successes will be built. We look forward with great anticipation to the contributions you will make to the society, confident that the foundation laid during your time with us will sustain your growth for the years to come.

The University of Eldoret, Eldoret City Campus, strategically located near the Eldoret central business district, caters to students seeking to advance their academic qualifications. The City Campus provides the flexibility necessitated by the modern and evolving education landscape. It is situated in MUSCO Towers, adjacent to the Sirkiwa Hotel, offering easy access to the main transportation hubs especially for the convenience of evening class students. To further enhance accessibility, we offer flexible learning sessions for both full-time and part-time students.

The Eldoret City Campus offers short courses, professional certifications, and academic programs at the Diploma, Undergraduate, Postgraduate Diploma, Master's and Doctoral levels, all of which are accredited by the relevant regulatory and professional authorities. Curriculum delivery is conducted through a blended approach, encompassing both physical and online courses. The campus has experienced significant growth, highlighted by the integration of Open, Distance, and e-Learning (ODel) courses. This expansion is informed by feedback from stakeholders, including current and prospective students, thereby enhancing the overall institutional capacity of the City Campus. Recently, the City Campus launched the Master of Business Administration which is delivered as a fully online program. Our programs are strategically positioned to provide value through competitive pricing.

The Campus implements the Credit Accumulation and Transfer System Policy, which facilitates the Recognition of Prior Learning (RPL) at both undergraduate and postgraduate levels. Under this framework, individuals who have completed academic coursework at accredited institutions are able to enrol at the City Campus and be granted exemptions based on their prior areas of study.

I conclude with a quotation from Henry David Thoreau: ***"Go confidently in the direction of your dreams. Live the life you have imagined."***

Class of 2026, we are proud of your achievements. Hongera!

God bless you all.

Prof. Emily Too

*Director, Eldoret City Campus*

# WHY THE CITY CAMPUS?

**Tri - Semester Basis**
Designed for faster completion.

**Competent Instructors**
Highly qualified teaching staff focused on excellence.

**Adequate Resources**

# The UoE Difference

**Knowledge that goes beyond the classroom.**

What makes University of Eldoret different?

It is in the ideas we nurture, the innovations we create, the people we empower and the impact we make beyond the classroom.

**Why UoE?**

Choosing a university is about more than earning a degree. It is about finding a place where knowledge meets opportunity, ideas grow and learning prepares you for the world beyond graduation.

- **Learning Beyond the Classroom:**
  Through practical training, fieldwork, research and industry engagement, students gain opportunities to apply their knowledge and develop skills for the real world.
- **Where Ideas Become Solutions:**
  UoE nurtures research, innovation and entrepreneurship, encouraging students and researchers to turn ideas into practical solutions.
- **Connections That Create Opportunities:**
  Through partnerships with industry, government and international institutions, students and staff access opportunities for collaboration, learning and growth.
- **A Community That Makes a Difference:**
  From students exploring new ideas to researchers solving community challenges and graduates making their mark, the UoE impact extends beyond the campus.

**So, Why UoE?**

Because university is not simply about where you study. It is about what you discover, what you create, the connections you build and the difference you make.

## That is the UoE Difference

# Message from Dean of Students

To the Graduands, Class of 2026

On behalf of the Office of the Dean of Students I am delighted to congratulate each one of you on the occasion of the University of Eldoret's 15th Graduation Ceremony.

Dr. Lelei K. Kiboiy

*Dean of Students*

This milestone is the fruit of your hard work, discipline, resilience and sacrifice. It is also a testament to the holistic support provided through our office whose mandate includes student welfare and well-being, guidance and counselling, discipline and conflict resolution, accommodation and catering liaison, co-curricular activities, leadership development and student governance, as well as general liaison between students and the University Management. By nurturing a safe, inclusive and supportive campus environment, promoting mental and physical well-being, mentoring student leaders, addressing student challenges promptly and encouraging participation in sports, clubs, faith-based activities and community service, we have helped graduands remain focused, resilient and balanced—thereby facilitating your personal growth, retention and timely completion of studies. This achievement also reflects the unwavering support of your families, guardians, sponsors, lecturers and staff. To every graduand, I say: well done. You have earned this moment, and you should be proud of your achievement.

As you transition from students to alumni, I encourage you to carry forward the values of integrity, service, innovation and excellence that the University of Eldoret has instilled in you. Be courageous in the pursuit of your dreams, remain adaptable in a changing world, and continue to learn. Remember that you are now ambassadors of this University, and your conduct and contributions will speak for generations of graduands who will follow.

I also thank the University Council, Management Board, Senate, faculty, staff and all partners for their dedication in preparing our graduands for the next chapter of their lives. To the parents and guardians, thank you for walking this journey with your children.

Congratulations once again. May your future be bright, purposeful and impactful. Welcome to the University of Eldoret Alumni family.

## Congratulations and best wishes.

# Student /Alumni innovations & Competitions

University of Eldoret students Bryson Gichuhi, Blaciy Kerubo, Marion Jebet, Jacinta Atieno, Loyara Ekai and Desmond Ndambuki at the EldoHub Hackathon, where they emerged winners of the national Cyber Drill.

Three University of Eldoret students; Joab Kipkurui Cheruiyot, Gift Mutugi Waweru and Steve Kyalo representing Kenya at the Russian-African Forum and Competition for Young Scientists and Engineers, held in St. Petersburg, Russia, from October 12–17, 2026.

Four students from University of Eldoret Victor Isahi, Marion Dede, Eveline Wanjiru and Lwiza Khisa were in Nairobi representing the university in Campus Spark bootcamp and intervarsity pitching.

Dr. Judy Mwende, CEO of Ustawi Foods and Alumus of University of Eldoret, connecting with visionary founders and innovators from across the globe at MassChallenge Switzerland.

# Alumni Spotlight

Get to know our alumni who are making real change in the community

## BENJAMIN OKETCH OKOMBO – TURNING AGRICULTURAL KNOWLEDGE INTO OPPORTUNITY

A 2022 First-Class Honours graduate in General Agriculture (Crop Science) from the University of Eldoret, Benjamin Oketch Okombo has turned his knowledge into enterprise. Starting Magina Farmers Center in 2025 with KES 20,000, he has grown it into an agricultural inputs distribution business while cultivating crops in Migori and Homa Bay. Through the TAGDev 2.0 AIMHub Bootcamp, he strengthened his entrepreneurial skills and is passionate about inspiring young people to embrace agriculture.

His message to young people is simple: Where you start does not determine where you finish. Agriculture can be a pathway to opportunity.

## JUDY MWENDE: A PASSION FOR FOOD, A PURPOSE FOR CHANGE

From the University of Eldoret classroom to the world of entrepreneurship, Judy Mwende Mutunga is turning her passion for food and nutrition into impact. A 2022 graduate in Food Operation Management, Judy founded Ustawi Nutritional Care Limited in 2023. Through value addition and innovative food products, she is championing better nutrition, creating opportunities and demonstrating how education can inspire solutions that make a difference in communities.

# MESSAGE FROM DIRECTORATE, BOARD OF POST GRADUATE STUDIES

Dear Graduands,

On behalf of the Directorate, Board of Postgraduate Studies, I extend my heartfelt congratulations to the graduating class of 2026. With pride, we celebrate your hard work, determination, resilience and commitment to academic excellence. Your graduation is a major milestone, marking not only the successful completion of one academic journey but also the beginning of exciting opportunities ahead.

As you embark on the next chapter of your lives, I encourage you to consider furthering your education through our postgraduate programmes. In a rapidly changing world driven by data, knowledge, innovation, research and technology, postgraduate education provides an opportunity to deepen professional expertise, develop leadership capabilities and acquire advanced skills for addressing contemporary societal challenges. Whether you aspire to advance your career, become a researcher, pursue an academic profession or contribute to national development, our postgraduate programmes offer a pathway towards achieving your ambitions.

University of Eldoret provides a conducive environment for advanced learning and research, supported by modern teaching and learning facilities, well-equipped laboratories, library resources, digital learning platforms and research infrastructure. You will also benefit from the mentorship, expertise and experience of highly qualified and dedicated academic staff and research supervisors committed to nurturing excellence, innovation and independent scholarship.

Research and outreach are central in our University's mission. Through the work of our dedicated staff and students, we continue to generate knowledge and innovations that address challenges in agriculture, food security, public health, environmental conservation, education, technology and community development. Importantly, our research goes beyond academic publications; it contributes to improved livelihoods, better community practices, evidence-based decision-making and practical solutions to societal challenges.

Our international collaborations and partnerships with universities, research institutions, development agencies and industry further enrich the postgraduate experience. These partnerships create opportunities for collaborative research, academic exchange, joint supervision and access to international research networks, exposing our students to global perspectives and opportunities.

Dear Graduands, do not let your academic journey end here. I invite you to remain part of our University's academic family by enrolling in a Postgraduate Diploma, Master's or Doctoral programme. Invest in your intellectual growth, strengthen your professional competitiveness and become part of a community committed to advancing knowledge and transforming society.

Remember, postgraduate education is not simply about earning another qualification; it is about developing the capacity to make a greater contribution to your profession, your community and humanity.

Once again, congratulations, Class of 2026! May your knowledge illuminate paths for others, your achievements inspire future generations, and your contributions make a lasting difference in society.

**I wish you every success in your future endeavours.**

Prof. Argwins Otieno

*Ag Director, Board of Postgraduate Studies*

# MESSAGE FROM DIRECTORATE OF GENDER, EQUITY AND DIVERSITY

Prof. Judith A. Makwali
*Director, Gender, Equity and Diversity*

CONGRATULATIONS, CLASS OF 2026!
Celebrating Excellence, Resilience and New Beginnings
On behalf of the Directorate of Gender, Equity and Diversity, I extend my heartfelt congratulations to all graduands on the occasion of the 15th Graduation Ceremony of the University of Eldoret.

This milestone marks the culmination of years of dedication, perseverance and sacrifice, and the beginning of exciting opportunities in professional practice, entrepreneurship, research and leadership. As you embark on this new chapter, may you apply the knowledge and skills you have acquired with integrity, courage and purpose, contributing meaningfully to national development and the transformation of society.
As you celebrate this milestone, the Directorate of Gender, Equity and Diversity reaffirms the University's commitment to dignity, safety and equal opportunity.

I encourage you to embrace these values by challenging discrimination, respecting diversity and using your knowledge and qualifications to create opportunities for others. Remember that true success extends beyond personal achievement; it is reflected in the positive and lasting difference you make in the lives of others. Lead with courage, serve with compassion, uphold integrity and pursue excellence as you become agents of change in building a society where everyone is valued, respected and empowered to realise their full potential.

Congratulations once again, Class of 2026! May your journey ahead be defined by purpose, innovation, service and outstanding accomplishments. Carry the values of the University of Eldoret with pride and continue to make a meaningful contribution to Kenya and the wider world.

**God bless the University of Eldoret, and God bless Kenya!**

# MESSAGE TO THE GRADUANDS FROM THE DIRECTORATE OF INDUSTRIAL LINKAGES, PARTNERSHIPS AND COLLABORATIONS (ILPC)

Today, we celebrate your achievements, dedication, and the commitment that has brought you to this important milestone. Your time at the University of Eldoret has been marked by personal growth, discovery, and friendships that have shaped your perspectives and aspirations for the future.

As you step beyond these gates, carry more than your degree. Embrace the curiosity to keep learning, the courage to explore new paths, and a strong entrepreneurial mindset, the drive to innovate, see possibilities where others see challenges, and create your own opportunities for success.

At the Directorate of Industrial Linkages, Partnerships and Collaborations (ILPC), we believe in connecting academia with industry, bridging knowledge, people, and opportunities. Success in the professional world relies heavily on networking and collaboration. Remember that impactful solutions are built together, and opportunities are created through the connections you nurture, the knowledge you share, and the value you bring to others.

Wherever your journey takes you, remember that you carry the legacy of this institution. Serve as proud ambassadors for the University of Eldoret, showcasing excellence, integrity, and innovation in every space you enter.

We are proud to celebrate this achievement with you and look forward to seeing you apply your knowledge, pursue your aspirations, and contribute to shaping a more innovative and prosperous society.

> Your degree opens doors, but partnerships create opportunities. As you step into the next chapter, embrace collaboration, build meaningful networks and recognise the value of working together. Your journey ahead is one of shared opportunities, growth and impact.

Dr. Fatuma Daudi
*Director, ILPC*

# MESSAGE TO THE GRADUANDS FROM THE DIRECTORATE OF OPEN DISTANCE AND E-LEARNING

The Directorate of Open, Distance and e-Learning (ODEL) at the University of Eldoret extends its warm congratulations to each of you on this important occasion- the 15th Graduation Ceremony. This achievem is a testament to your hard work and resilience throughout your academic journey.

As ODEL learners, you have clearly demonstrated that neither distance nor location can limit your acade desire. As you transition to the next phase of your lives, we encourage you to continue being ambassador virtual learning and to remain connected to the University ODeL community.

Dr. Julius Koech

*Director, ODeL*

# MESSAGE FROM DIRECTORATE OF SEED MULTIPLICATION & RESEARCH CENTRE

The Directorate of Seed Multiplication and Research Centre (SMRC) warmly congratulate all graduands of the University of Eldoret as we celebrate the 15th Graduation Ceremony. This milestone reflects your hard work, resilience, sacrifice, and commitment to learning. We celebrate not only the qualifications you have earned but also the determination and promise that have brought you to this important day.

As you step into the next chapter of your lives, we encourage you to use your knowledge, skills and creativity to address the challenges facing our communities and our nation. In agriculture and across other fields, the future depends on people who can turn research into practical solutions, embrace innovation, build enterprises and create opportunities for others. Let your education be a foundation for lifelong learning, ethical leadership, service and meaningful contribution to sustainable development.

At SMRC, our work in three major pillars including Technology Transfer, Commercialization of Research Innovations and Service to Society is guided by the belief that knowledge achieves its greatest value when it improves lives. We therefore urge you to remain curious, entrepreneurial and responsive to the needs of society. Whether you pursue further studies, employment, research or business, strive to apply your talents with integrity, courage and a spirit of collaboration.

As you celebrate this achievement, remember the families, lecturers, mentors, friends and institutions whose encouragement helped you reach this point. Honour their support by pursuing your ambitions with humility, purpose and perseverance. The challenges ahead will also bring opportunities to learn, adapt and make a difference.

On behalf of the Directorate of Seed Multiplication and Research Centre, I wish you every success in your future endeavours. May the knowledge and values gained at the University of Eldoret empower you to become agents of positive change and proud ambassadors of your University. Congratulations once again, Class of 2026, and best wishes for a fulfilling and impactful future.

Dr. Javan O. Were

*Director, Directorate Of Seed Multiplication & Research Centre*

# MESSAGE FROM DIRECTORATE OF INFORMATION AND COMMUNICATION TECHNOLOGY

**Dear Graduands,**

On behalf of the Directorate of Information and Communication Technology, I extend my heartfelt congratulations to all of you on attaining this notable academic milestone.

Today marks the culmination of your hard work, resilience, and commitment.

As you step out into an increasingly digital world, remember that information and communication technology is more than just tools and code, it is a powerful catalyst for positive change and human advancement. But let's always remember to apply such technology that we have acquired in accordance with our ethical and moral values. The acquired knowledge and skills should enable you to solve complex problems, innovate and generally shape the future of our society positively.

Embrace continuous learning, lead with integrity, and never lose your inquisitiveness. We are enormously proud of your accomplishments and look forward to seeing the impactful contributions you will make to the society.

**Congratulations once again, and we wish you every success in your future endeavors.**

**Warm regards,**

Dr. Francis Musembi Kwale
*Director, Information Communication & Technology*

# MESSAGE FROM DIRECTORATE OF STRATEGIC PLANNING & PERFORMANCE CONTRACTING

It is with immense joy and great pride that I extend my heartfelt congratulations to all graduands on the occasion of our 15th Graduation Ceremony.

This momentous occasion marks an important milestone in your academic journey and celebrates your hard work, determination, resilience and commitment to achieving your educational goals. Today, we celebrate not only the qualifications you have earned but also the sacrifices, discipline, perseverance and dedication that have brought you this far. Your journey has undoubtedly been marked by challenges, demanding academic engagements and personal sacrifices. Through determination and a strong desire to succeed, you have overcome these challenges and emerged victorious. You have every reason to be proud of this remarkable achievement. As you graduate and prepare to embark on the next chapter of your lives, remember that graduation is not the end of learning but the beginning of new opportunities, responsibilities and possibilities.

The knowledge, competencies, skills and values acquired during your time at the University should serve as a foundation for innovation, creativity, leadership and meaningful contribution to society. I encourage you to embrace the changing world with confidence, integrity and a positive attitude. Be innovative, remain adaptable, pursue excellence and never be afraid to explore new opportunities. As you enter the competitive world of work and entrepreneurship, let your education be reflected in the solutions you develop, the lives you transform and the positive impact you make in your communities and beyond.

I also wish to express sincere appreciation to our dedicated academic and administrative staff, parents, guardians, sponsors and other stakeholders whose unwavering support, guidance and commitment have contributed significantly to the success of our graduands.

Your contribution to this achievement is invaluable, and we celebrate you as well.

To our graduands, as you join the growing community of our alumni, remain proud ambassadors of this great institution. Uphold its values, maintain the highest standards of professionalism and integrity, and continue to make a difference wherever life takes you. Remember that your success is not measured solely by the certificates you receive but also by the positive difference you make in the lives of others.

Congratulations once again to all our graduands on this remarkable achievement!

May the 15th Graduation Ceremony mark the beginning of greater accomplishments, endless opportunities and a bright and successful future.

We celebrate you today, we believe in you tomorrow, and we look forward to your success in the years ahead.

Congratulations, Class of 2026!

Wishing you all the very best in your future endeavours.

Prof. Betty Korir

*Director, Strategic Planning & Performance Contracting*

# MESSAGE FROM DIRECTORATE OF INCOME GENERATING UNITS

Dear Graduands,

Today is a truly special day, and it is with great joy and pride that I join the University of Eldoret community in congratulating each one of you on reaching this important milestone. Your graduation is far more than the award of a certificate, diploma or degree; it is a public celebration of your hard work, patience, sacrifice, discipline and determination. You have earned this moment, and you deserve to savour every bit of it.

The journey to this day has not always been easy. Many of you balanced demanding coursework with financial pressures, family responsibilities, part-time work and personal struggles. There were long nights of study, difficult examinations, delayed results, and moments of doubt when you may have wondered whether you would make it. Yet you persevered. You picked yourselves up after every setback and kept going. That resilience is perhaps the most valuable lesson you will carry from this University, and today you have every reason to be proud of yourselves.

No one reaches a milestone like this alone. I therefore wish to recognise the parents, guardians, spouses, siblings, sponsors and friends who stood with you, often at great personal sacrifice. I also acknowledge the lecturers, supervisors, technical and administrative staff, and the entire University Management, whose dedication made your learning possible. As you celebrate, take a moment to thank those who walked this road with you; gratitude will open many doors for you in life.

At the Directorate of Income Generating Units, our mandate is to support the University by turning knowledge, skills and resources into practical enterprise. Every day we see how ideas become products, how services create value, and how initiative and accountability sustain an institution. It is this same spirit of enterprise that I wish to pass on to you. The world of work is changing rapidly, and formal employment alone may not absorb every graduate. Do not wait for opportunities to find you; look for problems in your communities and see them as opportunities to innovate, to create jobs and to build enterprises that serve others.

As you leave the University of Eldoret and begin the next chapter of your lives, remember that your learning does not end here. Your degree is a foundation, not a finishing line. Embrace lifelong learning, keep up with technology, seek mentors, and remain open to new skills, even those outside your field of study. Carry with you not only the knowledge and competencies you have gained, but also the friendships, networks, memories and lessons that have shaped you along the way. The classmates beside you today will become your colleagues, partners and collaborators tomorrow.

I encourage you to dream boldly, remain humble, work hard and always be willing to learn. Guard your integrity jealously, for your name and reputation are the most valuable assets you will ever own.

Be patient with yourselves when progress seems slow; success is rarely a straight line, and every challenge carries a lesson. Take care of your physical and mental wellbeing, manage your finances wisely, and make choices today that your future self will thank you for.

Wherever life takes you, remember that you are ambassadors of the University of Eldoret. Let your conduct, competence and character reflect the values of this institution. Make a positive difference in your workplaces, families and communities, serve with integrity, and never forget where your journey began. We also invite you to remain connected to your alma mater through the alumni network, to mentor those coming after you, and to give back in whatever way you can, so that the University continues to grow from strength to strength.

On behalf of the Directorate of Income Generating Units, I am immensely proud of you and wish you every success in your future careers, further studies, businesses and personal lives. Congratulations, Class of 2026! You have made it, and the best is yet to come.

May God bless you, guide you and grant you wisdom in all your future endeavours.

Congratulations once again, and go forth and excel!

Dr. Kipkorir Kiptoo

*Director, Income Generating Units*

# MESSAGE TO THE GRADUANDS FROM DIRECTORATE OF RESEARCH AND INNOVATION

On behalf of the Directorate of Research and Innovation, I warmly congratulate all graduands on this significant achievement.

Your academic journey has equipped you with knowledge, critical thinking, research skills and the ability to translate ideas into practical solutions. These competencies are essential in addressing societal challenges and advancing economic development, in agriculture, agro-processing, education, engineering, water and environmental management.

As you graduate, I encourage you to embrace research, innovation and lifelong learning. Continue applying the knowledge and skills acquired at the University to create meaningful impact in your communities, workplaces and beyond.

I also extend our sincere appreciation to parents, guardians, families and all those whose support and sacrifices have contributed to this achievement. As you embark on the next chapter of your lives, I wish you success and encourage you to uphold the values of excellence, creativity and innovation.

Congratulations, and may you continue to make the University of Eldoret proud.

The Directorate remains committed to supporting research and innovation beyond graduation. Through the Intellectual Property Management Office and the Eldoret Innovation Network, we welcome opportunities to support your research, protect your innovations and facilitate partnerships that translate ideas into practical solutions. We look forward to engaging with you as future researchers, innovators and collaborators.

Prof. Lizzy Mwamburi
*Director, Research & Innovation*

# MESSAGE FROM DIRECTORATE OF RESOURCE MOBILIZATION AND STRATEGIC INITIATIVES (DReMSI)

On behalf of the Directorate of Resource Mobilization and Strategic Initiatives (DReMSI), it is with immense pride and great joy that I extend my warmest congratulations to you on your graduation.

Your academic journey at this Flame of Knowledge and Innovation has been a testament to your resilience, dedication, and hard work. As you cross this milestone, we celebrate not only your individual academic achievements but also your potential to shape the future.

The Directorate remains deeply committed to enhancing student experience, personal development, and transition into the professional world. This has been achieved through various institutional initiatives such as expanding financial support frameworks, nurturing scholarship and mentorship opportunities like University of Eldoret Endowment Fund, the TAGDev 2.0 Programme and fostering industry linkages with key partners. We have continually striven to ensure that you are equipped with an environment conducive to holistic growth.

Furthermore, our innovations in digital infrastructure, including the deployment of the student portal and finance modules via our Enterprise Resource Planning (ERP) system, are designed to serve you and future cohorts seamlessly. As you step out into the world as proud alumni of the University of Eldoret, remember that you are stepping into a dynamic global marketplace. Whether your path leads you into specialized careers, entrepreneurship through avenues like agribusiness incubation, or advanced research, carry forth the torch of innovation, integrity, and excellence. You are well-equipped to tackle complex challenges and create sustainable solutions for our society. We look forward to seeing the incredible impacts you will make in your respective fields and while driving sustainable developments in your respective communities.

As you embark on your professional journeys, remember that your relationship with the University of Eldoret does not end today; rather, it evolves. You are now our greatest ambassadors. We proudly call upon each of you to become Resource Mobilization Champions for your alma mater. As alumni, you can champion University of Eldoret mission by facilitating expansion of financial support systems such as the UoE Endowment Fund Trust so that bright, needy students behind you can access quality education and cutting-edge research opportunities. We would be deeply honoured if you would consider acting as bridges between the university and industry partners, nurturing the vital collaborations, linkages, and corporate sponsorships that drive our mission forward.

**Congratulations once again to the Class of 2026! We wish you boundless success in your future endeavours.**

Prof. Julius Ochuodho

*Director, DReMSI*

# MESSAGE FROM DIRECTORATE OF QUALITY ASSURANCE

Congratulations to the Class of 2026!Today is a special day, and a time for celebration. This is the end of one chapter and the beginning of many new chapters. The qualifications you are receiving today are the result of years of hard work, sacrifice, determination and the ability to persevere—even if it wasn't easy.Congratulation to each one of you on this amazing achievement, on behalf of the Directorate of Quality Assurance. You can be proud of yourself for how far you've come.When you leave here, don't forget that your education is far from over, but the road is just beginning. Bring with you what you have learnt and the skills you have developed but also the values of integrity, responsibility, humility and excellence. Apply your learning to positively impact your workplaces, communities and society.Becoming a lifelong learner, don't be afraid to take on new chances or put in your best effort, wherever life takes you.We are proud to join in celebrating this milestone with you and wish you all the best on your exciting journey ahead.Congratulations, Class of 2026! May you have a purposeful future, meaningful opportunities, great achievements!

Prof. Gertrude Were

*Director, Directorate of Quality Assurance*

# MESSAGE TO THE GRADUANDS
# MESSAGE FROM SCHOOL OF AGRICULTURE AND BIOTECHNOLOGY

Prof. Nicholas Rop
*Dean, School of Agriculture & Biotechnology*

Dear Graduands,

It is with immense pride, joy, and profound gratitude that I extend my heartfelt congratulations to the 202 graduating class of the School of Agriculture, University of Eldoret. Today marks a significant milestone in you academic and personal journeys. Your graduation is a celebration of years of hard work, dedication, resilienc sacrifice, and determination. It is also a testament to your commitment to acquiring knowledge and skills that wi enable you to make meaningful contributions to society. As graduates of the School of Agriculture, you carry special responsibility. Agriculture remains the backbone of our economy and a critical pillar of food and nutritio security, sustainable livelihoods, environmental conservation, and national development. Kenya, Africa, and th world look to you for innovative ideas and practical solutions to the challenges facing agricultural and food systems.
As you step into the next chapter of your lives, I encourage you to embrace innovation, entrepreneurship, researc integrity, and lifelong learning. Be bold in exploring emerging opportunities in agribusiness, agricultura technology, and climate-smart agriculture, sustainable natural resource management, and value addition. Do nc merely seek employment; strive to become creators of opportunities, employers, innovators, and agents of positiv transformation. I also take this opportunity to sincerely appreciate your parents, guardians, sponsors, lecturer technical staff, and all those who supported you throughout your academic journey. Your achievement is also a reflection of their encouragement, commitment, and sacrifices.
On behalf of the entire School of Agriculture, I wish to thank you for being part of our academic community. You leave behind a legacy and remain valued ambassadors of the University of Eldoret. Wherever life takes you, carry the spirit of excellence, innovation, discipline, and service that defines our institution. Congratulations, Class of 2026! God bless you all.

# MESSAGE TO THE GRADUANDS FROM SCHOOL OF ARTS AND SOCIAL SCIENCES

Dr. Hellen Sitawa

*Dean, School Of Arts & Social Sciences*

On behalf of the University community, I wish to extend my heartfelt congratulations to all graduands of the 202 graduation ceremony. This remarkable achievement marks the culmination of years of hard work, dedication resilience, sacrifice, and determination. Today, we celebrate not only your academic accomplishments but also the personal growth, knowledge, competencies, and values you have acquired throughout your university journey.

As you graduate, remember that this milestone is not the end of your learning journey but the beginning of a nev chapter filled with opportunities, responsibilities, and challenges. You are stepping into a dynamic world that call for creativity, innovation, adaptability, critical thinking, and lifelong learning. The knowledge and skills you have acquired should empower you to become agents of positive change.

As you assume your future responsibilities, I encourage you to uphold the highest standards of integrity, professionalism, accountability, and ethical leadership. Let your decisions be guided by sound judgement, your actions demonstrate compassion, and your professional engagements reflect excellence. Be innovative, embrace emerging technologies, including artificial intelligence, and remain responsive to the changing demands of society.

Go to the world and use your education as an instrument of transformation. Take up opportunities to create employment, contribute to national development, promote social justice, and address the challenges facing our communities.

Remember that true success is measured not merely by the qualifications you acquire but also by the positive difference you make in the lives of others.

As ambassadors of the University of Eldoret, remain steadfast to uphold the institution's values and ideals wherever your paths may lead. Let your achievements, conduct, and contributions enhance the reputation of your alma mater and inspire future generations to pursue excellence.

Once again, congratulations on your graduation!

**Go forth and make a difference! I wish you every success in your future endeavours.**

# MESSAGE TO THE GRADUANDS
# FROM SCHOOL OF BUSINESS, ECONOMICS AND MANAGEMENT SCIENCES

Dear Graduands,

Today, you stand at the threshold of a new chapter, and I join your families, lecturers, mentors and friends in celebrating this remarkable milestone. On behalf of the School of Business, Economics and Management Sciences, I warmly congratulate you on successfully completing your academic programmes and earning your qualifications. Your achievement is a testament to your determination, resilience, sacrifice and commitment to excellence.

Graduation is more than the conferment of an academic qualification; it is the beginning of a greater responsibility. You leave the University of Eldoret with knowledge, skills and experiences that should empower you to make meaningful contributions to society. Whether your journey takes you into business, finance, economics, hospitality, tourism, entrepreneurship, public service or further academic pursuits, remember that the world needs more than graduates who seek employment. It needs innovative thinkers, ethical leaders, problem-solvers and creators of opportunities. As you step into the world beyond the University, allow me to share five important pieces of advice.

First, remain lifelong learners. The knowledge that has brought you this far is a foundation, not a destination. Technology, particularly artificial intelligence, digitalisation and changing business models, is transforming the world of work; embrace new skills and remain adaptable. Second, cultivate integrity and professionalism. Your qualifications may open doors, but your character, credibility and work ethic will determine how far you go. Choose honesty even when it is inconvenient, and let excellence define your work. Third, be creators of opportunities, not merely seekers of them. Do not limit your ambitions to securing a job. Identify problems in your communities, develop solutions, build enterprises and create employment for others. Entrepreneurship begins with the courage to turn an idea into action. Fourth, build meaningful networks and embrace collaboration. Success is rarely achieved in isolation. Value relationships, respect diversity, seek mentorship and remain connected to your University and fellow alumni. Your professional network can become one of your greatest assets. Finally, never forget where you started. Your University, families and communities have invested in your journey. Use your success to uplift others and contribute to national and global development.

Dear graduands, carry the name of the University of Eldoret with pride. Let your achievements speak, your values guide you and your impact inspire others.

Congratulations on your graduation! Go forth with courage, purpose and confidence. The future is not simply something you enter; it is something you have the power to shape.

I wish you every success in your future endeavours.

With great pride and best wishes,

# MESSAGE FROM SCHOOL OF EDUCATION

DR. Dr. Alice Limo

*Ag Dean, School of Education*

Dear Graduands,

On behalf of the School of Education and the entire University of Eldoret community, I warmly congratulate you on your graduation. Today is a celebration of not only remarkable achievements as you are conferred your respective Doctorate, Masters, Bachelors or Diploma Awards but also significant fulfilment of years of commitment, sacrifice and perseverance, and you have every reason to be proud. Thank you for trusting the University of Eldoret to shape your academic journey and your careers ahead. You chose to place your aspirations in our hands, and we do not take that trust lightly.

We recognize your hard work, determination and discipline. You balanced demanding coursework, assessments, practicals, field attachments, research and, for many of you, family and work responsibilities. Diploma graduands, you have built a strong foundation of practical skills and are ready to make an immediate contribution to the workplace. Bachelors graduands, you have grown in knowledge, confidence and independence. Masters graduands, you have deepened your expertise and sharpened your ability to analyze and lead. Doctoral graduands, you have completed the long and demanding journey of original research, adding to the body of knowledge and setting an example for those who follow. Across every level, your initiative, problem-solving ability and resolve to excel have been clear for all to see.

As you leave us, we urge you to be nation builders. Let your impact be felt well beyond today, in the institutions you strengthen, the enterprises you grow, the classrooms and laboratories you lead, the policies you shape and the communities you uplift. Our communities, our nations and our continent face real challenges, from unemployment and food security to climate change, health, inequality and rapid technological change. Remain innovative and curious, and approach these challenges with integrity, empathy and a commitment to service. Let your competence be matched by character.

To our international graduands, who travelled far from home, adapted to a new environment and made Eldoret part of your story: thank you for choosing us. You have enriched our lecture halls, laboratories, fields and campus life with your perspectives and cultures, and you leave as ambassadors of this University in your home countries and wherever your careers take you.

Learning does not end at graduation. Knowledge, technology and the world of work are changing quickly, and those who keep learning, unlearning and relearning will remain relevant. Make continuous professional development a habit. We also invite you to think of the University of Eldoret as your academic home for the next stage of your journey. Diploma graduands, we welcome you back for your bachelor's degrees. Bachelors graduands, consider postgraduate studies. Masters graduands, we look forward to supporting your doctoral ambitions. Doctoral graduands, we hope you will stay connected through research collaboration, mentorship, postdoctoral work and partnerships. To our international graduands, our doors remain open to you, and we hope you will keep in touch with your lecturers, supervisors and fellow alumni.

As you transition into industry, public service, entrepreneurship, further study and the wider community, we wish you good health, success and fulfilment. Be bold and humble, ambitious and ethical, and always ready to lend a hand to others. Carry the name of the University of Eldoret with pride, and remember that you will always belong to this institution.

Congratulations, Class of 2026. The future is yours to shape.

Warm regards,

# Postgraduate Diplomas

*Advance your career*
*Deepen your expertise*

Choose from two specialized routes:

## Post Graduate Diploma TVET

Designed for professionals seeking to strengthen their competencies in technical and vocational education, training and skills development.

## Post Graduate Diploma in Education (PGDE)

Designed for graduates seeking professional training and qualifications in education and a pathway into the teaching profession.

REQUIREMENTS

**Bachelor's Degree**

JANUARY 2027

## INTAKE ONGOING

*Become more employable*

Driving Innovation and sustainable solutions through the transformation and repositioning of 21st century education

# MESSAGE FROM SCHOOL OF ENVIRONMENTAL SCIENCES & NATURAL RESOURCE MANAGEMENT

The School of Environmental Science and Natural Resource Management (SENV) was established in 2022 following the merger of the former School of Environmental Studies and the School of Natural Resource Management.

The School offers training at Diploma, Undergraduate, Master's and Doctoral levels across a wide range of disciplines, including environmental planning, environmental information systems, environmental human ecology, economics and law. Other areas of specialization include environmental biology and health, earth sciences, fisheries and aquaculture, forestry and wood science, and wildlife conservation and management.

Through its programmes, the School is committed to promoting sustainable environmental and natural resource management while producing highly skilled professionals equipped with bo theoretical knowledge and practical skills. Its gradua are prepared to contribute to environmental planni sustainability, conservation and geoinformatics.

Beyond academic training, the School offers a biann short course in Environmental and Social Impa Assessment (ESIA) and maintains partnerships w local and international organisations, including DE (Austria and the Netherlands), the National Resear Fund (NRF), RUFORUM, CODRA and WWF. It a collaborates with organisations that suppo postgraduate research and student mobility acr Africa.

As you step into the next chapter, we congratulate all o graduands and wish you success as you use yo knowledge and skills to shape a more sustainable future.

Prof. Mark Kiptui

*Dean, School of Environmental Science and Natural Resource Management*

# Master of Science in **Environmental Earth Sciences**

## Enhance your CAREER Prospects

## Specialization

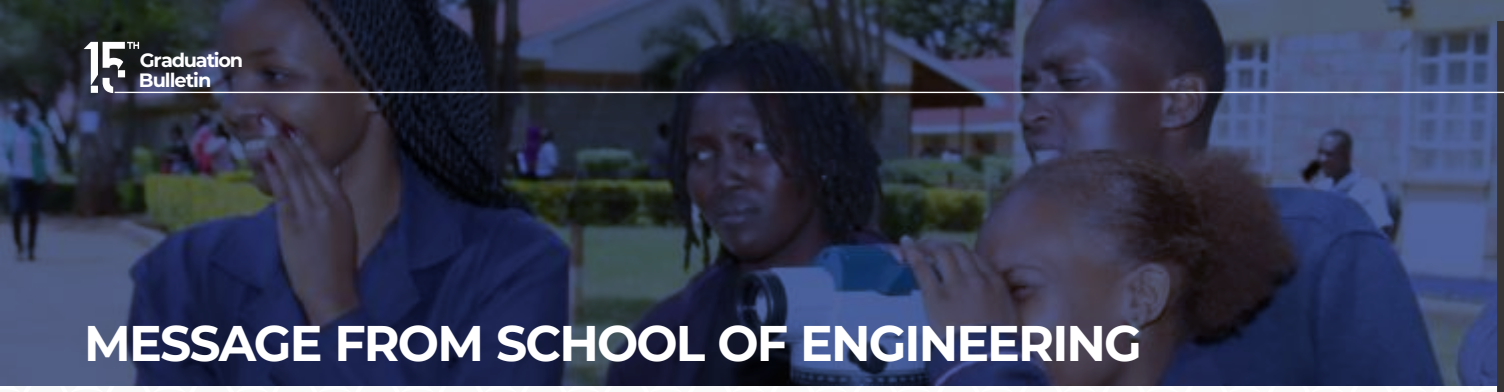

- Hydrology
- Environment Biology and Health

## Minimum Requirements

- Be a holder of a Bachelor's degree in Business Management and other relevant disciplines with 2nd Class Honours Upper division from a recognised institution
  OR
- A holder of 2nd Class Honours Lower Division with 2 years working experience

**January 2027 Intake**

Unpacking how life interacts, adapts, and thrives in changing environments.

# MESSAGE FROM SCHOOL OF ENGINEERING

Dr. Daniel Siringi

*Dean, School of Engineering*

**Dear Graduands,**

It gives me immense pleasure to congratulate all graduands from CSE, ABE and MPE on this remarkable achievement. Today, you celebrate the successful completion of a five-year academic journey that was certainly not easy. It demanded sacrifice, resilience, discipline, sleepless nights and determination. Through your hard work and perseverance, you have overcome the challenges and earned your place on the 2026 graduation list. Today, you are not just celebrating an academic qualification; you are celebrating the determination that brought you this far. Congratulations!

To our parents, guardians, sponsors and families, we extend our heartfelt gratitude. Your financial support, prayers, sacrifices and encouragement have made this achievement possible. This celebration belongs to you too. Thank you for believing in and supporting our graduands throughout their journey.

Dear graduands, the road ahead is bright, but it will not always be easy. As engineers, you will be entrusted with responsibilities that affect lives, livelihoods and national development. Let integrity, honesty, accountability and professionalism define your careers. Whatever task is placed in your hands, perform it diligently and honestly, even when nobody is watching. As Colossians 3:23 reminds us, "Whatever you do, work at it with all your heart, as working for the Lord."

To our CSE graduands, your expertise will shape our built environment through roads, bridges, buildings, dams, water infrastructure and sustainable urban development. Uphold safety, quality, innovation and professional ethics, remembering that human lives depend on the soundness of your designs and structures.

To our ABE graduands, you are central to agricultural transformation, food security, environmental sustainability, water management and rural development. Use your knowledge to improve agricultural productivity, manage natural resources and develop sustainable solutions that strengthen livelihoods and address climate change.

To our MPE graduands, you are the drivers of industrialisation, manufacturing, energy development, automation and production technologies. Apply your creativity and technical expertise to strengthen local industries, improve productivity, create employment and develop practical solutions to our nation's challenges.

Above all, put God first in everything you do. Proverbs 3:5–6 calls us to trust in the Lord and acknowledge Him in all our ways. Remain humble, courageous and willing to learn. Do not fear starting small or learning from failure. Remember your families, serve your communities and make time to mentor those who follow after you.

Finally, consider this graduation the beginning, not the end, of your academic journey. I warmly encourage you to return to the School of Engineering for your Master's and PhD studies. We need you to advance your knowledge, undertake research and become the next generation of scholars, innovators and leaders. As Philippians 1:6 reminds us, "He who began a good work in you will carry it on to completion."

May God guide your steps, bless your ambitions and grant you wisdom in all your endeavours.

**Congratulations, Class of 2026!**

**Go forth, uphold the values of your professions and make a difference. The future is yours to engineer!**

# Master Agricultural Engineering

## Master of Science in in Agricultural and Biosystems Engineering

### Specialization Areas

i) Soil and Water Engineering
ii) Farm Power and Machinery Engineering
iii) Processing and Post-Harvest Engineering

### Minimum Requirements

Bachelor of Engineering or equivalent with at least second class upper division. For second class division the applicant should have two years' work experience.

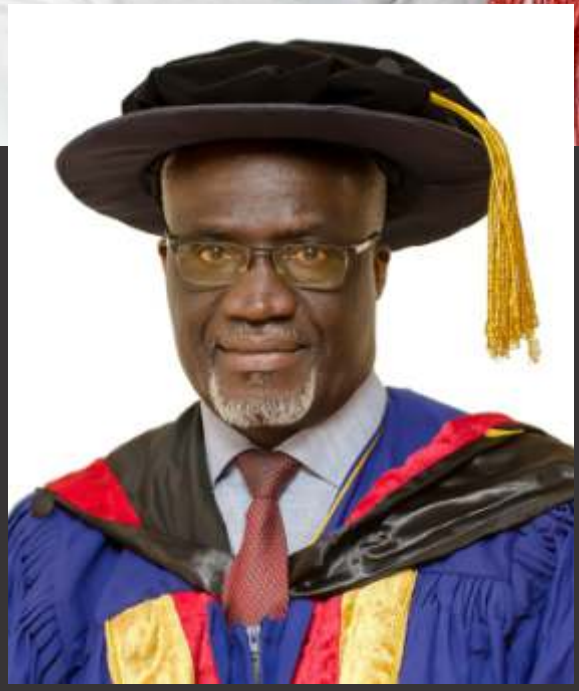

# MESSAGE FROM SCHOOL OF SCIENCE

It is with profound joy that I congratulate each one of you graduating today. The journey you began some years back is reaching a significant milestone today as you receive your various degrees, having fulfilled the requirements of your respective programmes. For some, the journey has been relatively smooth while for others, it has demanded considerable sacrifice, perseverance, and even tears. Whatever your experience, today you come together to celebrate a shared achievement. Take pride in how far you have come and acknowledge your parents/guardians and everyone else who supported you along the way.

As you celebrate this accomplishment, you also begin a new chapter, one that will call for vision, purpose, clear goals, and resilience. The world you are entering is competitive and constantly changing, but it also holds opportunities for those willing to learn, adapt, and persevere. Celebrate wholeheartedly, then step forward with determination to build your future. Do not rest on your laurels. Explore the opportunities around you and remain open to new possibilities. Pursue further education where it advances your aspirations and acquire the skills you need to turn your knowledge into meaningful contributions.

As you embark on this next stage of life, I wish you every success. My prayer is that each of you will find your place in the world, use your gifts to serve others, and fulfil your God-given purpose. May you seek His guidance, align your plans with His will, and walk confidently in the path He sets before you.

Congratulations and may God bless you all.

Prof. Donald Otieno

*Dean, School of Science*

# MESSAGE TO THE GRADUANDS
# FROM THE SCHOOL OF HEALTH SCIENCES & WELLNESS

To the Graduating Class of 2026, warm congratulations on reaching this remarkable milestone. Today is the celebration of every late night, every challenge overcome, and the steady resilience that brought you to this moment. You are leaving these halls not just with a degree, but with the foundation to make a genuine difference wherever your journey leads next. On behalf of the School of Health Sciences and Wellness, it is an honor to celebrate your dedication and to watch you step into the world with confidence and purpose.

While our own pioneer nursing students are still working hard through their second year, we look up to the trail you have blazed today. You've set an inspiring example of commitment and heart for our health science cohorts to follow. As you go on to shape your careers, remember that the true measure of your knowledge lies in how kindly and courageously you use it to serve others. Keep learning, stay true to your values, and celebrate this moment. You have earned every bit of it.

***Congratulations.***

Since its establishment in December 2024, the School of Health Sciences has made remarkable progress in laying a strong foundation for future academic and professional excellence. We successfully secured full approval and accreditation for the Bachelor of Science in Nursing programme and completed the development of curricula for the Medical Laboratory Science and Chiropractic programmes, both now in their final stages of regulatory review. Our training capacity has been significantly enhanced through the establishment of a modern skills laboratory and state-of-the-art medical laboratories.

Prof. Everlyne Rotich
*Ag Dean, School of Health Sciences & Wellness*

# MESSAGE TO THE GRADUANDS **FROM THE INTERNATIONAL STUDENTS' OFFICE**

Since its establishment, the International Students' Office has played an important role in strengthening student welfare, promoting cultural integration, encouraging community engagement, and fostering environmental responsibility.
Beyond the provision of administrative and welfare support, the Office has created opportunities for international students to experience Kenya, interactwith local communities, appreciate cultural diversity, and actively participate in University life.

Our greatest achievement is creating a welcoming environment where international students feel at home, valued, supported, and connected to the University of Eldoret.

**Global Paths, One Flame**

**CONGRATULATIONS, CLASS OF 2025!**

It has been a journey of sacrifice, resilience, determination, and hard work.
You came to Kenya with the hope of adding another feather to your cap, and indeed, you have achieved it! Your discipline, commitment, and perseverance have earned you the success we are celebrating today. You have not only made yourselves and your families proud but have also been excellent ambassadors of your respective countries.
As you return to your home countries to make a difference and bring positive change to your communities, we wish you every success. Go forth and conquer the world! Continue to shine, inspire others, and make a lasting impact wherever you go.
We encourage you to remain connected to the University of Eldoret as proud members of our Alumni community. Continue to be good ambassadors of the University, representing us with excellence, integrity, and distinction.
The International Students' Office and the University of Eldoret at large will forever be grateful that you chose to study with us among the many universities available. Your presence has enriched our university community, and the friendships, memories, and connections we have built will always be cherished.
As you embark on this new chapter of your life, remember that this is not the end of your journey but the beginning of greater opportunities and achievements.

**We congratulate you, Class of 2025, and wish you all the very best in your future endeavors. Go forth, make a difference, and conquer the world!**

**Congratulations once again!**

Cosmas Mutai
*In-charge International Students' Office*

# CONGRATULATORY MESSAGE FROM **UNIVERSITY OF ELDORET STUDENT ORGANIZATION (UESO)**

Congratulations class of 2026.
On behalf of the student leadership and the entire student fraternity, I wish to congratulate the Graduating class of 2026.

You joined University of Eldoret as strangers but today you are leaving as a family. You did not achieve this great milestone by chance. You went through early mornings, late nights, missed meals, group works, CATS and examinations.We celebrate you, you made it. Your hardwork,perseverance and commitment have finally paid off .

Your graduation marks the end of one incredible chapter and the beginning of another filled with endless possibilities. May this be the beginning of greater doors ,greater jobs and greater testimonies. May you carry the knowledge, friendships and memories that you made in University of Eldoret.

As you step to a new chapter, I wish you all the best, Go and Shine.

May God bless your new chapter. University of Eldoret Students' Organisation is so proud of you.
Hongera Sana.

*Faith Cherotich*
*Chair, University of Eldoret Student Organization (UESO)*

# From Ideas to Impact

As you graduate, remember that innovation does not end in the classroom. It begins with the courage to question, the curiosity to explore and the willingness to turn ideas into solutions.
Your time at the University of Eldoret has equipped you with knowledge, skills and experiences. Now, the world awaits what you will do with them.
Keep creating, keep challenging the norm and never be afraid to start small.
Every great innovation begins with an idea and someone willing to act on it.
From all of us at the Innovation Club, congratulations on your graduation.
May you continue to think boldly, create fearlessly and make a difference wherever life takes you.

**Keep innovating.**
**The world needs your ideas!**

**THE INNOVATION CLUB**

# CONGRATULATORY MESSAGE FROM THE CHAIRPERSON, UNIVERSITY OF ELDORET ALUMNI ASSOCIATION

**Dear Graduands,**

Congratulations on your graduation! Today, we celebrate more than academic achievement; we celebrate your resilience, determination, sacrifice and the promise of a brighter future. You have earned this moment, and your families, the University of Eldoret and our nation share in your pride.

As you step into the world beyond university, remember that graduation is not the end of your University of Eldoret journey; it is the beginning of a lifelong relationship with your alma mater. You are now part of a growing community of professionals, innovators, entrepreneurs, leaders and change-makers whose collective strength can shape industries and transform society.

I encourage you to embrace one enduring principle: Your network is your net worth. The relationships you build, the people you connect with and the opportunities you create for one another can be as valuable as the qualifications you have earned. Do not merely seek opportunities; create them, share them and open doors for others.

The University of Eldoret Alumni Association is strengthening its institutional structures to make this vision a reality. Key initiatives include developing a comprehensive alumni database, expanding membership registration, establishing County Alumni Champions, strengthening alumni chapters and creating platforms for professional networking, mentorship, partnerships and resource mobilisation. We are equally committed to fostering a culture of giving back, including supporting financially disadvantaged continuing students.

However, an effective Alumni Association cannot be built by its leadership alone. It takes every graduate to make the alumni network powerful. Your participation, professional expertise, ideas and goodwill are essential to building an association that delivers tangible value to its members and contributes meaningfully to the development of our University.

I therefore invite every graduand to register with the University of Eldoret Alumni Association, stay connected and actively participate in its programmes. Remember:Your alma mater is not just where you graduated; it is where your legacy begins.As you pursue your ambitions, uphold the values of excellence, integrity, innovation and service. Be bold enough to dream, disciplined enough to achieve and generous enough to lift others along the way.

On behalf of the University of Eldoret Alumni Association, I warmly welcome you into the alumni family. Let us remain connected, grow together and turn our collective strength into a legacy of opportunity, impact and institutional transformation.

Congratulations, Class of 2026! Go forth, make a difference and always remember where your journey began.
Your journey does not end at graduation. It evolves into a lifetime of connections, opportunities and service.

*Eng. Symon Kirui*
*Chairperson, University of Eldoret Alumni Association*

## *The African Institute of Professional and Development Studies (AIPDS) - University of Eldoret Congratulates the class of 2026 on the significant accomplishment in their educational journey!*

The African Institute of Professional and Development Studies, is an academic knowledge institute at the University of Eldoret, dedicated to the promotion of a multidisciplinary, interdisciplinary and transdisciplinary approach to education and research between the different schools through collaborative research and exchange programmes within a transdisciplinary framework. Established in November 2024, the institute supports the vision to transform and reposition the University of Eldoret through commitment to advancing knowledge, using cutting-edge research and education.

**Philosophy**

The institute is guided by a philosophy of Responsive, Transformative and Transcendent Education and Research that is based on a preferential choice for knowledge production within in the larger historical, contemporary, and futuristic context in Africa.

**Areas of focus**

***A) Strengthening education and research (Postgraduate studies MA, MSc, PhD)***

1. Research Seminar series (Blended In-person and Virtual). The second round of transdisciplinary seminar is planned for November 2026.
2. PhD mentorship programme. The second round of PhD mentorship is planned for November 2026 to facilitate timely completion of PhD tracks by strengthening thesis writing tools and providing a space to collaboratively navigate the writing process.

***B) Training and Professional Courses (Diploma and Certificate)***

German Language programme: University of Eldoret through the African Institute of Professional and Development Studies (AIPDS) continue to offer German language Programme (Levels A1, A2, B1) in partnership with HTV Africa and Independent Language Examinations for Germany, Austria & Switzerland Ltd. (InLEGAS) which is an accredited examination centre based in Nairobi

***C) Exchange programme (Within, Kenya, Africa and Globally).***

In pursuit of the objectives under pillar three, the Institute and the University hosted the Kenya Summer School 2026 (8- 14 November 2026) under the project Bridging Continents: African-European Youth Collaborating for Diverse and Digital Futures, in collaboration between the University of Eldoret and Utrecht University. Titled: 'Determining Destines: Youth, Entrepreneurship and Democracy in the Digital Age,' and will take place in Kenya. 4 Universities were represented (University of Eldoret, Utrecht University, Amsterdam University College and Kampala International University. Students came from different backgrounds and 11 countries (Kenya, Uganda, DRC, Netherlands, Germany, Poland, Greece, Spain, Ukraine, Russia, and Sri Lanka

***D) International Collaborations and Partnerships***

1. International African School in The Netherlands
2. The African Diaspora Policy Centre (ADPC) The Hague, The Netherlands
3. International Centre for Genetic Engineering and Biotechnology (ICGEB) South Africa
4. University of Virginia USA
5. Utrecht University, Netherlands
6. Amsterdam University College, Netherlands
7. Development Studies, University of KwaZulu Natal (UKN), South Africa
8. School of Public Management and Administration, University of Pretoria, South Africa.
9. Real Life Systems (RLS) USA
10. Wi Got School of Hospitality and Hotel, Kenya
11. 1InLEGAS (independent Language Examinations for Germany, Austria & Switzerland Ltd)

African Institute of Professional and Development Studies
University of Eldoret

*Dr Otieno Ong'ayo (Antony) (PhD)*
*Ag, Director, AIPDS*

**TAGDev 2.0 CONGRATULATES THE UNIVERSITY OF ELDORET CLASS OF 2026!**

The Transforming African Agricultural Universities to Meaningfully Contribute to Africa's Growth and Development (TAGDev 2.0) Programme at the University of Eldoret congratulates all graduates on this remarkable milestone.

Your graduation marks the culmination of years of dedication, resilience, hard work and determination. As you step into the next chapter of your lives, we encourage you to put your knowledge, skills and talents into action to transform communities, drive innovation, create employment and contribute to Africa's sustainable development.

As we celebrate today's graduands, TAGDev 2.0 remains committed to expanding access to quality, inclusive and transformative agricultural education.

We particularly encourage young people, women, persons with disabilities, refugees and other vulnerable and underserved groups to look out for the announcement of the next TAGDev 2.0 scholarship application window.

When applications are announced, seize the opportunity to apply and take a step towards achieving your academic and career aspirations. Through scholarship support, mentorship, practical skills development, experiential learning and entrepreneurship opportunities, TAGDev 2.0 seeks to empower the next generation of agricultural leaders, innovators and entrepreneurs.

Your background should never limit your dreams or determine how far you can go.

Congratulations once again to the Class of 2026! May your knowledge become a catalyst for innovation, your skills create opportunities, and your achievements contribute to a more inclusive, food-secure and prosperous Africa.

*Prof Julius Ochuodho*
*TAGDev 2.0 Coordinator*
